

Capital Club 250

Our Club, Our Community, Our Future.

Capital Club 250

What is our aim?

- 250 families contributing €250

What is the goal?

- Become a modern, well equipped and successful GAA club
- Provide our children and adult members with excellent facilities:
 - Develop our pitches
 - Erect our floodlights
 - Build our all-weather training area

How will we do this?

- We are raising funds so that we can apply for Government grants
- We want to recruit 250 families to contribute €5 per week (€250 per annum) – a “little and often” approach
- We need to raise “5% own funding” for our projects so that we can apply for Government grants
- The maximum grant from the Government is €150,000 for any one project
- Our Club can also avail of tax rebates in certain circumstances
- If you are interested in investing in our Club's future please ask any team mentor for an information pack
